

### DKA03

Luxury architect-designed wall light

David Kohn, one of UK architecture's rising stars, was inspired by historic gas-powered street lamps to inspire his GAS series of lights. The frosting on the glass bell obscures the light source so that the glow gives a mysterious ethereal hue. It becomes something pleasurable and playful much like the flame from a candle. The wall light brings that special atmosphere indoors.

**Projection** : 85 mm

**Optional specifications** : glass diameter: 60 mm glass length: 120 mm

**Finish** : antique bronze, chrome
