

IRC01

Architect-designed luxury cabinet handle

This cabinet handle is part of a suite of designs by architect Ian Ritchie that use the same elegantly stripped-down approach as his consummately skilled architectural and engineering projects. It echoes the form of the pull handle, and is executed in stainless steel, a material he has done much to develop and articulate.

length : 120

Projection : 42 mm

Finish : Satin stainless steel, polished stainless steel and Physical vapour deposition
