

UTW02

Luxury sash pull

If you are concerned with every detail in a building, then this sash pull will show that you have continued the degree of care and attention that you have given to all other elements. Simple yet solid, it will be a pleasure to use. Like all izé luxury ironmongery, the sash pull is available in all the standard izé finishes. Compared to our sash lift UTW01, this pull, while equally elegant, is better suited to a more classic environment.
