Luxury architect-designed lever handle

This solid yet elegant handle, designed by the architect most famous for Hilversum Town Hall, reflects the intention to detail that he showed on that project. Like the town hall, it is both good to look at and extremely effective. Seen here in pearlite chrome plate on brass, with a leather grip, it is available in all the standard izé finishes.

**Length** : 110 mm

**Projection** : 57 mm

**Rose diameter** : 50 mm

**Finish** : Available in all izé finishes
