Architect-designed luxury pull handle

Designed by David Adjaye, one of the most important architects on the world stage, the long pull handle bends a tube with two right angles at each end, so that it stands suitably proud of the door. The pull handle coordinates well with the Ana-Z lever handle. Like all izé luxury door hardware, the pull handle is available in the full range of izé materials.

Length : 900 mm

Projection : 59 mm

Finish : Available in all izé finishes
