

wedge coat hook / David Adjaye

izé

DAH01

Architect-designed luxury coat hook

Designed by David Adjaye, one of the most important architects on the world stage, this coat hook subverts our ideas of what a hook should look like, with its angular form, expanding as it comes towards the user. It has been designed to co-ordinate with the medium wedge door knob and the large wedge door knob. Like all izé luxury door hardware, the coat hook is available in the full range of izé materials.

Width : 20 mm

Projection : 45 mm

Finish : Available in all izé finishes
