

## Z-pull handle / Eric Parry

**izé**

### EPP01

Architect-designed pull handle

Leading architect Eric Parry designed the Z-lever range for izé as a means of absorbing all the elements of ironmongery – the horizontal handle and vertical lock plate – in a single, sculptural element. The pull handle's unusual geometry coordinates perfectly. Like all Izé luxury handles, it is available in all the Izé finishes.

**Length** : 480 mm

**Projection** : 70 mm

**Finish** : Available in all izé finishes
